**AVI MOUNT
Series**

Universal Plasma & Large LCD TV Direct Fixed Wall Mount 40"-50"

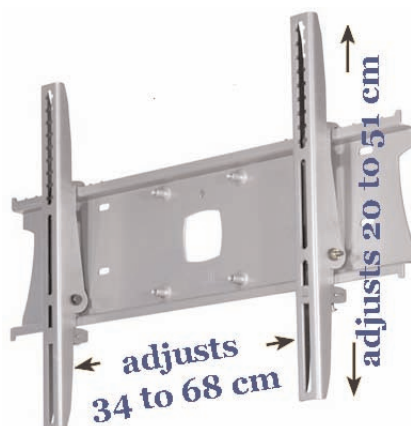

The Universal Plasma & LCD mount with Fingertip Tilt Control. Plasma LCD Mounts are easy to install and extremely versatile in use. Safety is a major feature, Plasma screens can be loaded straight into the mounts without prolonged lifting during installation.

Ultra slimline, tilt angle and swivel versions are available for all makes and models of Plasma and large LCD TVs.

For fast and easy installation where tilting is not required. This universal unit fits most screens Plasma or large LCD TV screens.

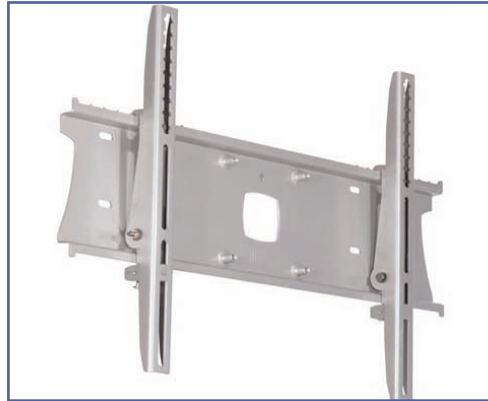

Order the AVI MOUNT for direct wall fixing or match this same unit to any of our installation accessories or stand & trolleys.

- non-tilt version
- for flatscreens from 40" bis 50"
- max. 60kg
- horizontal adjustment 34 to 68cm
- vertical adjustment 20 to 51cm
- sinterflex black

AVI MOUNT Series

Universal Plasma & Large LCD TV Direct Fixed Wall Mount 40"-50"

The Universal Plasma & LCD mount with Fingertip Tilt Control.
Plasma LCD Mounts are easy to install and extremely versatile in use.

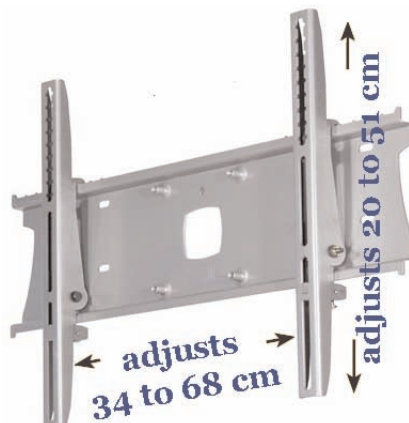

Safety is a major feature, Plasma screens can be loaded straight into the mounts without prolonged lifting during installation.

Imagine you could reach out and with a light touch, tilt your screen anywhere through its range to suit your precise viewing angle. The ease of this is possible thanks to the patented AVI MOUNT Tilt Counterbalance Mechanism.

The tilt angle you choose is reliably set or can be changed whenever necessary.

Avi Mount units can be direct wall fixed or used with any of our ceiling kits, swing-arm wall units or stands & trolleys.

- non-tilt version
- for flatscreens from 40" bis 50"
- max. 60kg
- horizontal adjustment 34 to 68cm

Universal Plasma & Large LCD TV Single Ceiling Mount 32"-60"

This ceiling mount system is an attractive and innovative mounting solution for plasma / LCD screens with a screen size of 32"-60" and a maximum load capacity of up to 80kg. It finds applications especially in public places and places where only mounting to the ceiling is possible.

The telescopic connection of pipes provides a possibility of height regulation.

- Suitable for almost all screens between 32- 60" screen size
- Maximum load capacity up to 80kg • Easy and quick installation
- Adjustment of viewing angle at the ceiling plate and directly at the mounting interface for most comfortable viewing position
- Solution for cable management is provided
- Solid steel construction with stainless and powder coated steel
